

**DON'T BURN POTENTIAL PROFITS.
DONATE TODAY & MAKE A DIFFERENCE.**
*Countless cannabis products are destroyed due to it's shelf life.
That's your brand's hard-earned money going up in smoke.*

DONATE YOUR PRODUCTS TO MEDICAL PATIENTS

Women and non-binary survivors need access to cannabis as medicine. Many face financial hardships, battle illnesses, or are reclaiming their lives after trauma. Your donation can provide them with a vital healing resource while keeping your brand aligned with both sustainability and social responsibility.

WHY DONATE?

- ♥ Don't burn set to expired product, think about donating.
- ♥ Reduce waste & promote environmental responsibility.
- ♥ Connect with our Jane community & build long-term trust.
- ♥ Help Janes in need find healing & empowerment through utilizing cannabis as medicine.

BE A PART OF JANE'S HEALING JOURNEY

Your brand has the power to change lives. By donating & providing accessible medicine, you're offering more than just a product: you're providing hope, relief, & the opportunity for someone to take back control of their health and healing journey.
